### Dear Valued Customer,

Thank you for taking the time to read about our new offerings at Parker Steel.

Please do not hesitate to call if you don't see what you need, as we are always expanding our stock in order to provide for our customers. We take each and every inquiry seriously in order to help determine which areas of our inventory to expand.

Don't forget to download our brand new [2011 Reference Guide](#) or call or [email](#) to get a hard copy.

## Nuclear Metals Distributor

### Our Commitment

Parker Steel is an established supplier to the nuclear industry. With around 5,000 different line items of various metric sized materials in stock, we are your one source supplier when it comes to metric sizes in the nuclear industry. Our history with the nuclear industry has increased over the past couple of years due to our dedication and service to our customers. At Parker Steel we are committed to doing all that we can in order to provide for our customers who are purchasing for the nuclear industry. We understand the requirements of nuclear industry needs and will strive to continue to provide for ALL of our customers.

## Why Parker Steel for Nuclear?

- We are an experienced supplier to the nuclear industry
- We have the largest stock of metric sized materials in North America.
- We are ISO 9001 registered.
- We meet unique nuclear industry requirements.
- We have a strong focus on customer service.
- We have a quick turnaround time.
- We have access to ASTM, DIN, EN, JIS, Werkstoff, UNS, and many more standards of steel.
- We have a strong reputation and connection with various suppliers in our supplier chain for specialized grades

## Our Goal

Parker Steel is the largest supplier of metric size metals in North America. It is our goal as a company to provide the highest quality metric metal products and services to you. Our friendly and knowledgeable staff will help you make the right decisions when it comes to your metric metal needs.

We pride ourselves on fast delivery and superior customer service. More than 96% of our orders ship same day and have a low minimum order of only \$85.
