ISO 9001:2008 Certified

## Metric Structural Products

Once again Parker Steel has successfully been re-certified regarding our ISO 9001. We are proud of this accomplishment and have pride in the fact that we have never received a non-conformance during any of our audits. We are seriously committed to complying with our ISO standards.

We would like to recognize our Quality Management team as well as all of our employees and staff who work very hard to make this accomplishment possible.

To view or download our new certificate (effective Oct. 29, 2014 through Nov. 3 2017), [click here](#).

As always, Parker Steel offers a huge selection of metric size structural metals.

We stock equal and unequal angels in Carbon, Stainless and Aluminum.

Our structural Beams are available in metric dimensions and are available in European and Asian grades.

We also have a section of metric Channel in Carbon, Stainless and Aluminum.

Our metric sized Tees come in Aluminum and Hot Rolled Carbon steel and we carry sizes exceeding 100mm in some products.

Our metric sized plate stock is so huge, we had to buy another warehouse just to house it all. Our shear can cut

Our certificate number is TRC 00881 and follows the scope of Warehousing and Distribution of Metric Sized Metals including Cutting and Shearing to Size Orders.

## Services Offered

Parker Steel offers many services to help meet all of your material needs.
