March 23, 2020

Dear Valued Customer,

On Sunday, March 22, 2020, in response to the outbreak of COVID-19, the Department of Health of the State of Ohio issued a Stay At Home Order for all residents of the State of Ohio, going into effect at 11:59 pm, March 23, 2020. As you probably know, Parker Steel supplies metric size metal product to thousands of companies across the United States, Canada and Mexico. Many of these companies meet the criteria for Essential Businesses and Operations, as identified in the Order. As a result, our operations are exempt from the Order. Therefore, the purpose of this letter is to confirm to you that we will continue to operate, and are open for business.

We take COVID-19 very seriously, and have taken steps to ensure the safety of our employees, in accordance with CDC recommendations.

We appreciate your business, and will continue to strive to maintain a high standard of performance in meeting your needs.

Thank you and be safe.

Best Regards,

Jerry Hidalgo

President
